TRAFFIK**

HUMAN TRAFFICKING IS...

- Buying or selling a human being
- Forcing people to work against their will
- Deceiving families to sell their children
- Where children and adults are subject to abuse both physically, mentally and emotionally.
- GROWING!!! 2-4 million men, women and children are trafficked every year!

STATISTICS

- 1.2 million children are trafficked every year
- 600,000 to 800,000 women, men and children are trafficked across international borders every year
- 80% of these are women and girls
- Up to 50% are minors

HUMAN TRAFFICKING

IT HAPPENS HERE, IT'S HAPPENING NOW

Every year over 50,000 women and children are
brought to the
United States to work as Slaves.

WHAT HAPPENS?

- Trafficked children, women and men are forced into jobs such as prostitution, forced labour, illegal marriage, pre-mature child bearing, illegal adoption, drug hoarding and selling and general crime.
- Their families are tricked into selling them with profits as little as \$20.
- Most of the trafficked persons are unaware as to what they are getting in to.

WHY IT HAPPENS:

- Lack of employment opportunities
- Organized crime
- Regional imbalances
- Economic disparities
- Social discrimination
- Corruption in government
- Political instability
- Armed conflict
- Mass resettlement for large projects without proper Resettlement and Rehabilitation packages.

**HUMAN TRAFFICKING IS
MODERN-DAY SLAVERY**

COUNTRY PROFILES

- THE UNITED KINGDOM:
 - Trafficking does occur in the United Kingdom
 - Most commonly, it occurs with Eastern Europeans being tricked into working in the UK for criminals, pimps or drug lords with news of job opportunities in “waitressing” or “child minding”
 - However, trafficking also comes from within the United Kingdom itself.

COUNTRY PROFILES:

- *CONTINUED...*
- Many young women are trafficked into prostitution from all areas of the UK
- As well as this, the Irish Mob and the Northern England Mafioso have been known in the past to draft young children into their plans.
- As it stands, the UK are the largest supporters of STOP THE TRAFFIK.

COUNTRY PROFILES:

- The USA:
- As is the case in the UK, the trafficking that occurs in the USA is largely sexual slavery and assistance in drug trafficking.
- The USA are members of STOP THE TRAFFIK as well as Amnesty International and a number of their own charities set up to help fight human trafficking.
- The USA is still a large importer of trafficked persons along with many of the other developed nations.

COUNTRY PROFILES:

- Eastern Europe:
 - Eastern Europe is one of the most “sought-after” places for children and women for trafficking.
 - They are mostly taken into the UK
 - Most of them come from Moldova, Romania, Belgium, The Netherlands etc.
 - Before 2008 there were 500,000 Eastern European women being trafficked into the rest of Europe.

COUNTRY PROFILES:

- The countries most effected are:
 - Thailand
 - Japan
 - Israel
 - Belgium
 - The Netherlands
 - Germany
 - Italy
 - Turkey
 - USA
 - China
 - Nigeria
 - Bulgaria
 - Albania
 - Belarus
 - Moldova
 - Ukraine

HUMAN TRAFFICKING

MOVE IT. SPEAK IT. PRAY IT. STOP IT.

PRAYER FEATURE

CONGO (KINSHASA)

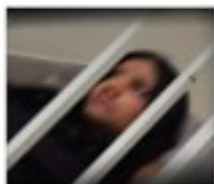

Background
Close to the capital city of Kinshasa, northeast Congo, is where the majority of trafficking for forced labour and sexual exploitation takes place. Armed men raiding in groups capture women and children, forcing them to serve as labourers, porters, domestics and sex slaves.

Pray for

- Congo (Kinshasa) and Angola Territory's Women's Ministries Department, which became involved in the fight against sex trafficking two years ago
- reinforcement of education and awareness about sex trafficking
- substitution of sex trafficking with fair, profitable, commercial activities or vocational training
- victims of trafficking who can't plead for themselves

UK

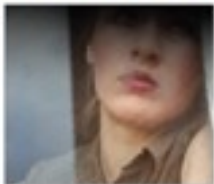

Background
The UK is significantly affected by the problems of prostitution and trafficking – a survey in November 2005 indicated that nearly one in ten men

admitted to paying for sex.

Pray for

- centres and individuals working with trafficked women and those trapped in the sex industry
- exit routes from prostitution
- the Army's continued representation on the police force's UK Human Trafficking Unit based in Sheffield
- the new Anti-Trafficking Strategy recently approved by THQ cabinet

EASTERN EUROPE

Background
Initial investigations revealed the large-scale problem of sex-trafficking, particularly in Georgia, Moldova, Russia, Romania and Ukraine.

Pray for

- Major Mary Capsey (Assistant Director, Salvation Army International Development, UK) as she leads talks focusing on the Army's next steps in these countries
- investigations to continue as the territory takes action

CHINA

Background
Increasing poverty fuels China's trafficking problem. A number of villages have been left devoid of women after they were easily coerced by traffickers, preying on the ill-treatment they receive from society.

Pray for

- ongoing funding – the area and the problem are widespread
- trauma care taking place for fathers, husbands and children left behind
- education to help protect future generations and potential victims
- teams travelling to hard-to-access areas to deliver programmes
- railway workers undergoing training to identify trafficked people and the 660 community leaders being educated about trafficking

THE PHILIPPINES

Background

People have been trafficked out of the Philippines into 168 other countries; there are currently 80,000 undocumented Filipinos in Korea and 250,000 in Japan.

Pray for

- Bethany Children's Home as it cares for children affected by trafficking and aims to prosecute traffickers. Particularly pray for the ten clients each year undergoing intensive rehabilitation programmes
- the 8 workshops in 8 divisions training 1,280 people to educate others about trafficking
- a larger, sustainable education awareness programme
- further co-ordination with the Government, NGOs and other religious groups to upscale preventative action to human trafficking
- increasing awareness of the value of children and protecting them

MALAWI

Background
Mchinji border town is one of the main routes for trafficking young children from Malawi to Zambia, where they are increasingly engaged in exploitative labour, including prostitution, and working in tobacco estates or as domestic servants.

Pray for

- the reuniting of victims with their families
- the equipping of targeted communities, government officials and Army officers to combat child-trafficking
- the ongoing partnership with the Ministry of Gender and Social Welfare
- increased resources for the Army's temporary safe accommodation and for education and skills training for victims

SOUTH AFRICA

Background

Children are trafficked to South Africa to work in mining towns and are vulnerable for various reasons, including the myths about HIV/Aids. A common belief is that people can be cured by having sex with a virgin – many children and babies are abused as a result.

Pray for

- child survival programmes working with orphans and other vulnerable children
- the Army's HIV/Aids-focused education on sexual abuse and coercion and its programmes to help victims work through the trauma of having been abused

MUMBAI

Background

Nepalese and rural Indian women and young girls are trafficked for sexual exploitation into the city famous for its extremes of wealth and poverty.

Pray for

- increasing influence and effectiveness in outreach – particularly with the 1,000 girls and women in 4 identified red-light areas
- transformation in victims as a result of self-help groups and exit routes provided, such as microcredit schemes created by the Army
- an increased capacity for local teams to work with trafficked women and girls

SRI LANKA

Background

The scale of the problem indicates that 80 per cent of prostitutes are boys and approximately 30,000 are trafficked for sexual tourists – mainly European businessmen.

Pray for

- the local teams as they face such a huge project
- opening of opportunities for the Army in anti-trafficking responses
- victim protection and their ongoing healing
- education awareness programmes taking place in every corps in the territory in the next 18 months
